**Date:** Wednesday, May 20, 2015 3:52:06 PM

---

Tanya,

We will review the comments and let you know if we have any questions.

One initial concern that came up was incorporating the additional data gaps sampling results. Given that we are still in the process of collecting these results, what is your anticipated timeframe for revising this document?

Thanks,

Suzy

**Subject:** Rolling knolls EPA's Comments on TMCT, Dated March 2012, Revised March 2015,

**Confirmation of this email is requested.**

Hi Suzy,

Attached are EPA's comments on the Technical Memorandum on Candidate Technologies, dated March 2012, Revised March 2015.

Should you have any questions or concerns regarding this email, please notify me within three days of receipt of this email.

Regards,

Tanya
